RANGER—1930

Published by the
SENIOR CLASS OF

NORTHWESTERN
STATE TEACHERS' COLLEGE

Alva, Oklahoma

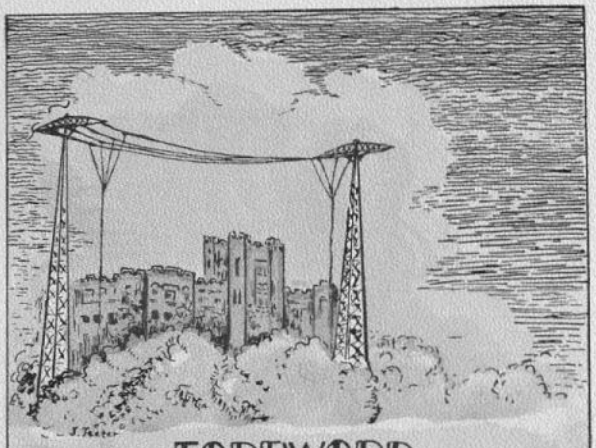
DEDICATION

The story of any great institution is found in the lives of its strong leaders. In this modern world of great business, the silent force that makes victorious "Captains of Industry" in America is found in our public school system. Here are trained the scientists, the engineers, the architects, the artists, the doctors, the jurists, the accountants, and above all, the men and women who direct the training of all these—the teachers.

Two years ago there came to this teacher-training institution a man eminently fitted to direct its activities and to lead its student body. His coming has been so significant to the teaching profession of the state; to the teachers of Northwestern Oklahoma and to the Northwestern State Teacher's College in particular, that the Senior Class of 1930 esteems it a great privilege to give this public expression of our love and loyalty to him.

With grateful acknowledgment of his splendid achievements, of his ennobling character and his many personal services to members of this class—we dedicate this 1930 Ranger to President Walter W. Parker.

PRESIDENT WALTER W. PARKER, A. B., A. M., LL. D.



FOREWORD

'Tis a far cry from the day of the open range and the original Ranger to this day of the college and communication by radio from one continent to another.

In like manner our college has changed and advanced.

Thus we broadcast this record of our past year's achievements for the Rangers of today.

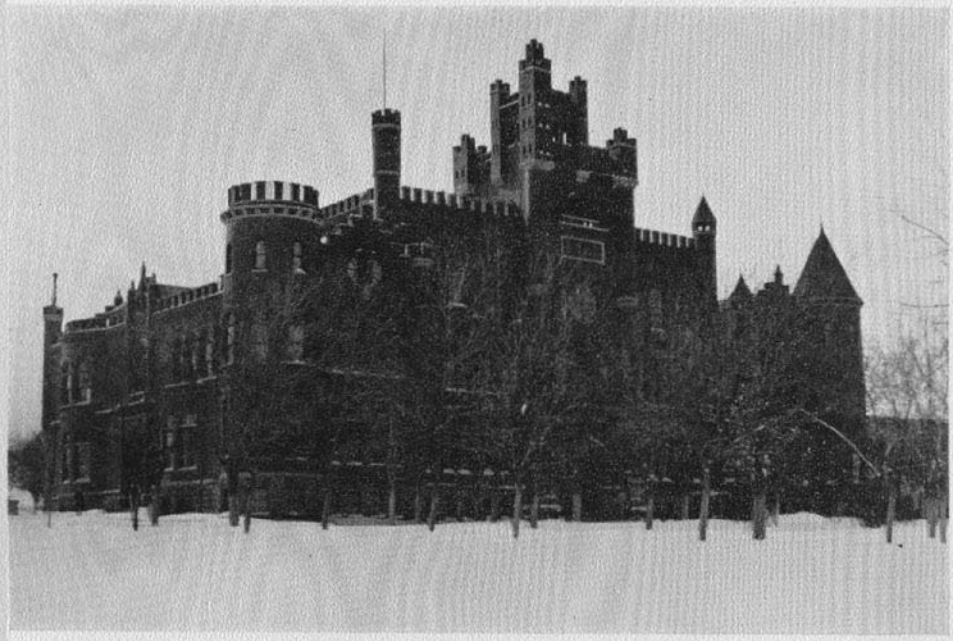
Features

I shot an arrow into the air,
It fell to earth, I knew not where;
For, so swiftly it flew, the sight,
Could not follow it in its flight.

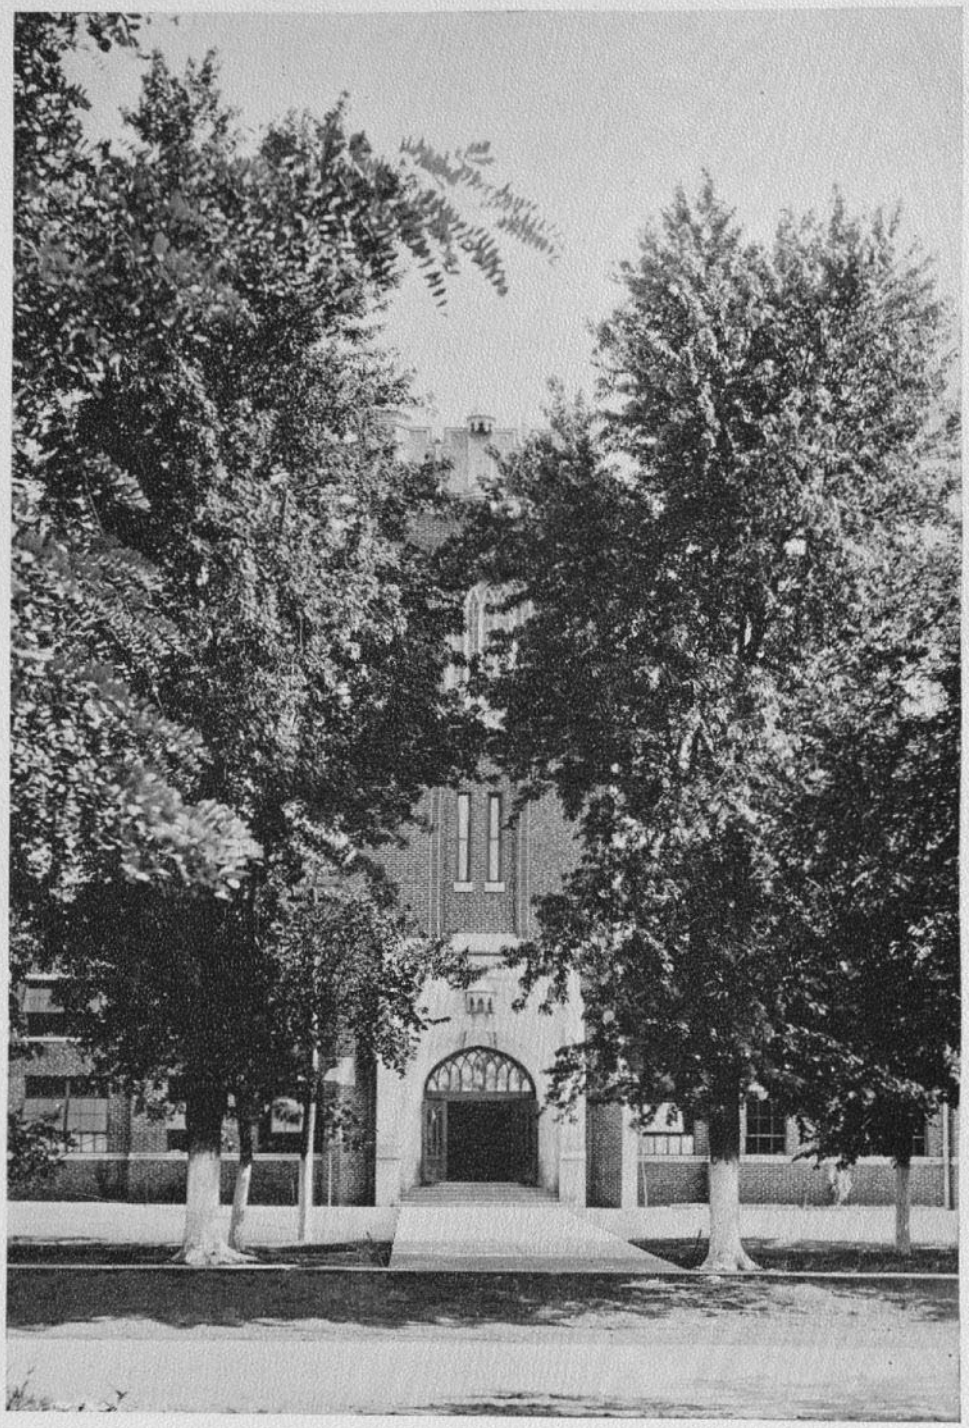
I breathed a song into the air,
It fell to earth, I knew not where;
For who has sight so keen and strong,
That it can follow the flight of song?

Long, long afterwards, in an oak
I found the arrow, still unbroke;
And the song, from beginning to end,
I found again in the heart of a friend.

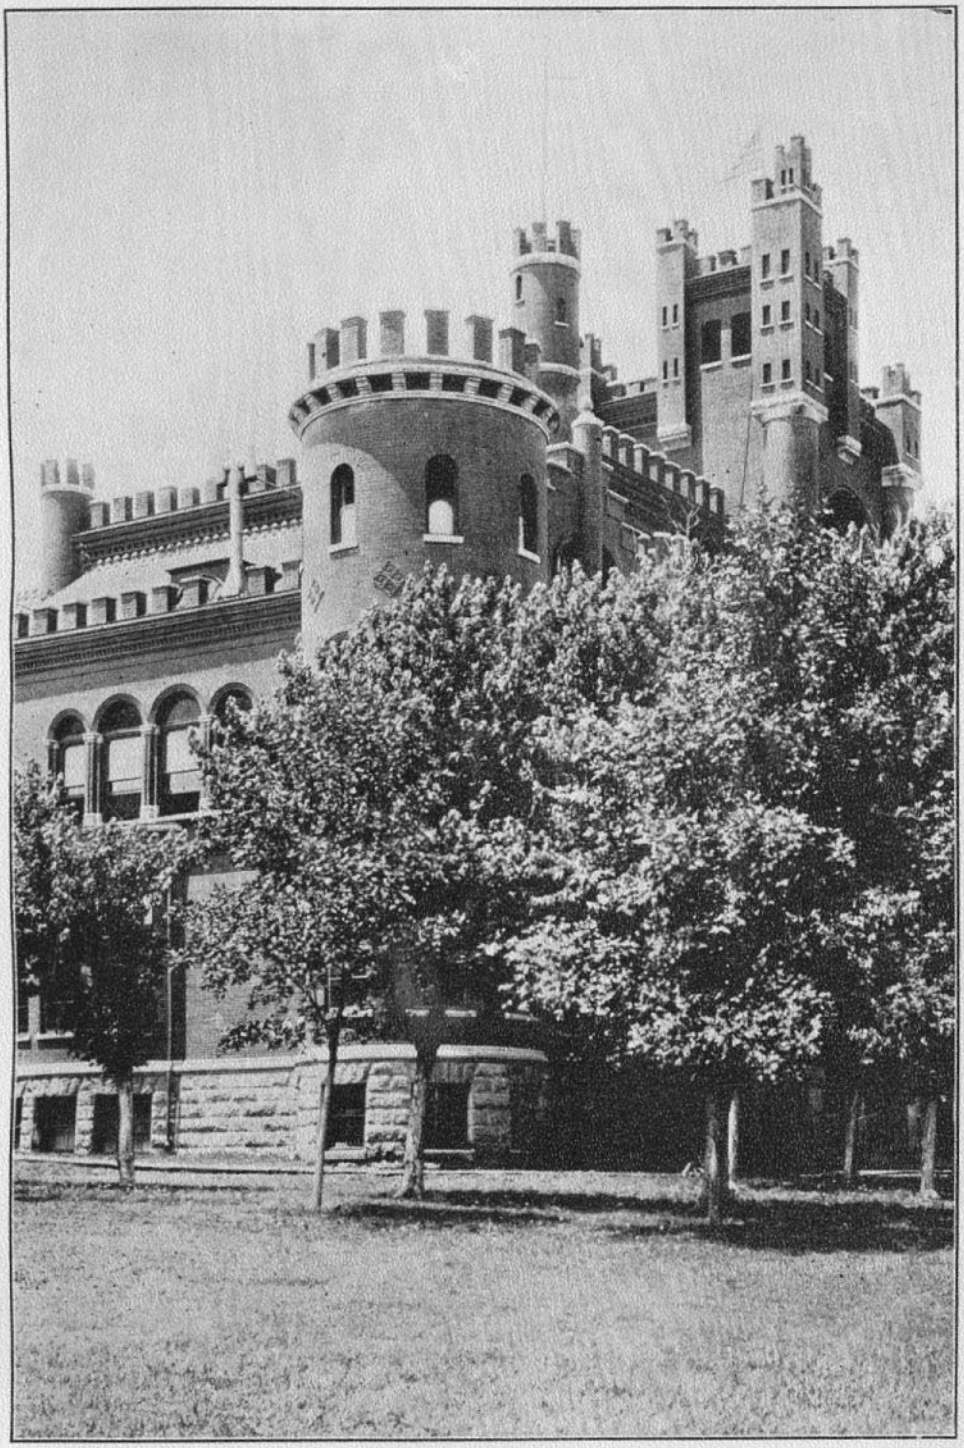
—Henry Wadsworth Longfellow.



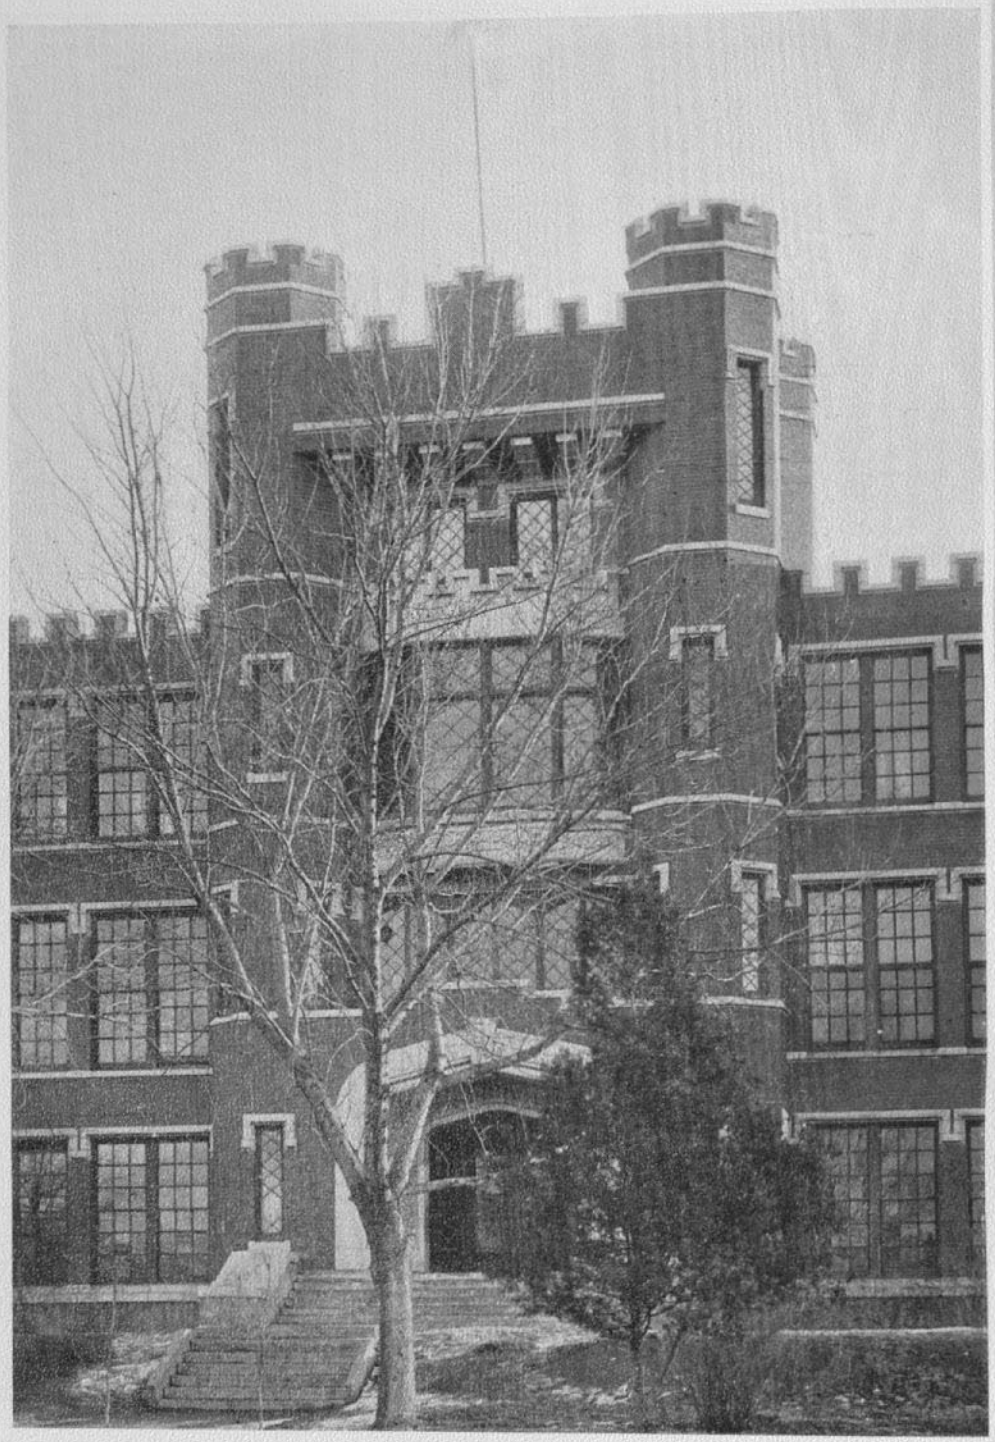
'Voice of the western wind,
Thou singest from afar;
Rich with the music of a land
Where all my memories are."



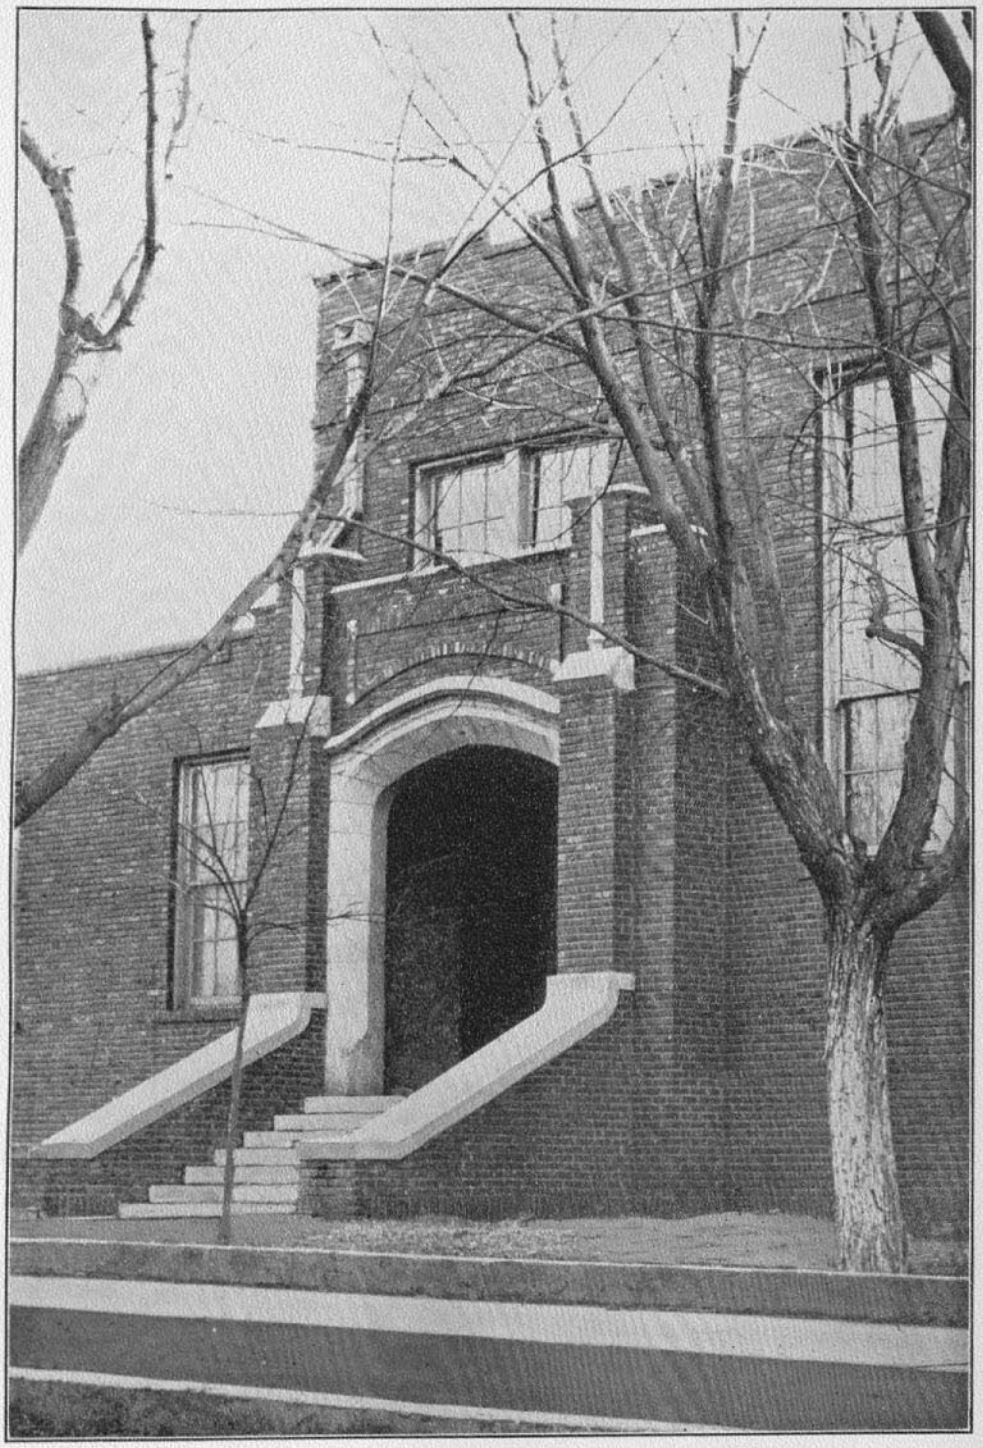
A door that invites us
To knowledge sincere.
And to that thing called character
Which is even more dear.



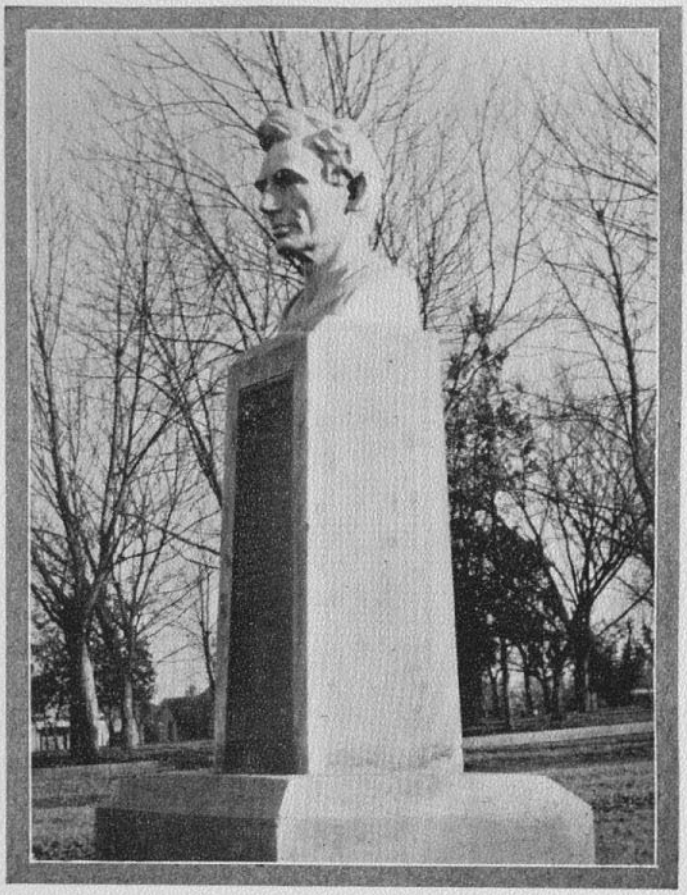
"Friends we have found, and ties
That time may tamper with, but never break—
Places made sweet by hours of work and play
Together—for friendship's sake."



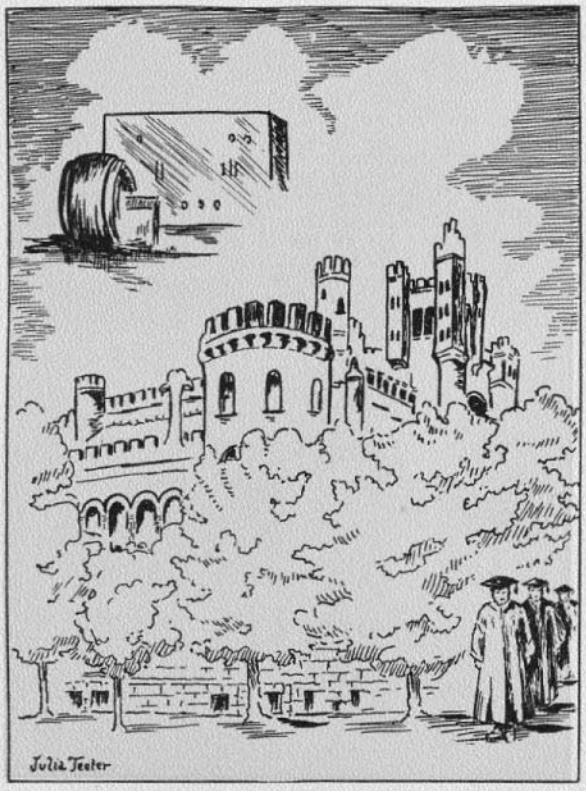
"Through her halls the echoes linger
Of our college days."



"Give us a man of God's own mould,
Born to marshal his fellow-men."



"Great captains, with their guns and drums,
Disturb our judgment for the hour,
But at last silence comes;
These all are gone, and, standing like a tower,
Our children shall behold his fame,
The kindly-earnest, brave, forseeing man,
Sagacious, patient, dreading praise, not blame,
New birth of our new soil, the first American."



Administration

THE PRESIDENT'S MESSAGE

Northwestern State Teacher's College sends greetings to graduates, former students, and friends everywhere. May those who are teaching have continued opportunities to serve in the inculcation of proper ideals of manhood and womanhood in the future citizenry. May success, prosperity, and happiness be the lot of those who are engaged in other vocations and professions. We are proud of the record that Northwestern men and women are making throughout Oklahoma and other states. Their loyalty to their alma mater is highly esteemed. The College is ever mindful of their interest. It is a pleasure to read in the school paper news of their successes and their promotions.

To the present generation of students may we express the hope that your careers as students will be such as to merit the confidence of future employers. The recognition of present opportunities for self-improvement is of great importance. When in future years you peruse the pages of the 1930 Ranger, may you be pleasantly reminded of the time you spent at Northwestern.

Cordially yours,

WALTER W. PARKER.

SENIOR DOINGS

This Ranger is a product of the Senior Class of 1930. The class, with the assistance of its sponsors, Dr. G. R. Crissman and Miss Jean Holland, has been responsible for its publication and success.

No class for several years has published a "Ranger" but the class of 1930 had faith that it could overcome obstacles, and you have this book as the result.

The Seniors were instrumental in getting Dr. Forest C. Allen, America's Foremost Basketball Coach as a lyceum number for the whole school. He gave his lecture, "The Way of the Game."

"The Hoodoo," which was given as the class play, portrayed well the talent of the Seniors. It was received by a large audience who thoroughly enjoyed the many wholesome puns.

The chapel program given by the Seniors was one of the best of the year. It included an informal burlesque, dialogue, songs and readings.

The Seniors were represented in practically all the campus organizations, including band, orchestra, debate and athletics.

While the Seniors did not neglect the intellectual side of college life, neither did they neglect the social side. At the beginning of the year they forgot their dignity and had an informal kid party in the library.

The next social event was in the form of a bean hunt. The class went to a nearby park where they found a pot of baked beans hidden in the ground.

On Ranger Day each Senior was dressed in typical Ranger costume. They presented a chapel program on that day.

As the Seniors were laying off the student's garb the last week was filled with many events of joy and merrymaking including Senior day, Junior-Senior Banquet, Senior Reception, President's Reception, Baccalaureate and last of all—that which has been looked forward to with great anticipation, Commencement.

The Seniors have always upheld the standards of this school both intellectually and morally. They have been an inspiration to the lower class-men and a pattern for them to follow. As they leave the halls of Northwestern, they will fill many of the best positions of this state and others. They will carry into other classrooms the ideals of service and unselfishness that they have gained from Northwestern.

YOUR ALMA MATER

The aim of Northwestern State Teacher's College is educational service. Your alma mater expects every son and daughter to be true to the ideals for which she stands. She expects and deserves unswerving loyalty. Northwestern, or any other institution, can be no greater than her former students and graduates think her to be. Let us expect growth and improvement and help bring it about. Everybody doing his bit is the only requisite.

Former students, graduates, members of the faculty, and friends are to be commended upon their enterprise in launching the movement for an improved athletic field and stadium. The Stadium Committee is hard at work at the task of realizing at an early date better outdoor athletic facilities.

The 1930 Senior Class is to be congratulated upon its initiative in connection with the revival of The Ranger, the yearbook of the institution. A splendid spirit of cooperation has been exemplified in the work of the annual staff and the entire class. Students and faculty have cooperated in an excellent manner to make the enterprise a success.

Friends of Northwestern everywhere are grateful to the Legislature of 1929 for making possible such physical improvements as the remodeling of the heating plant of the College. The generosity of the legislature also made possible the addition of needed members to the instructional staff and the institution of a New Department of Commerce. This department is meeting a distinct need in the training of teachers for the teaching of commercial subjects in the high schools.

The faculty, composed of forty-six men and women trained in the leading colleges and universities of the country, accepts as its sacred task the work of training teachers for the public schools. A more important work could hardly be conceived. As the teacher is, so is the school; and as the school is, so is, to a degree, the product of the school. And upon the product of the school of to-day the State must depend for its citizens of to-morrow. The State can, therefore, make no better investment than that which it makes in adequately providing for the training of its teachers.

Through The Ranger, Northwestern sends greetings to former students and friends everywhere.

THE PRACTICE SCHOOLS AT NORTHWESTERN

The Northwestern Training School was first organized in the then new Science Hall in 1907. Previous to that time the "Normal", as it was then called, had had no training department.

The first director was Professor George Knipe, who served for three years. His successor was the present Director of the Elementary Training School, Professor William H. Wood, who is therefore rounding out his twentieth year in training teachers for the elementary field.

From its inception the department's slogan has been: "We learn to do by doing." With this conception constantly in mind, each prospective teacher must do real apprentice teaching through not less than two terms. In addition to the teaching, conferences are held, methods discussed, projects planned, records kept, and the principal details of an ordinary public school are carried out as nearly as possible. One of the delightful activities of the school is the annual cantata given each year at the spring commencement season.

As the "Normal" developed into a full grown teachers' college with a large degree class preparing for high school teaching the high school courses which had formerly been integral parts of their several departments were brought together and organized as the Practice High School, providing the apprentice-teaching for those preparing to be high school teachers. Since 1923 this has been in charge of the present Director of Secondary Education, J. V. L. Morris. This year the organization was strengthened by the addition of a Supervising Principal, in which capacity E. A. Shiner came to us.

It is the earnest effort of all connected with the high school department that, though its primary purpose is to furnish an opportunity for apprentice-teaching to high school teachers-in-training, nevertheless the high school pupil will find all the pleasure and profit to be found in any high school. All the facilities in music for which the college is noted are open to the high school pupils and as varied extra-curricular activities are provided as in any high school of its size. Each year there is a large graduating class, of which a generous proportion continue into the college, where not a few have won honors and athletic distinction.

In 1925 when the College Library was moved from the second floor of Science Hall, the vacated rooms were converted into classrooms for the Junior High School department permitting an organization of the practice schools to be effected upon the 6-3-3 basis. The transformation was engineered under Miss Ann Wilke, who had previously served as seventh-eighth grade critic and since 1927 has been under the energetic guidance of Mrs. Sybil Hall. This year she has been further assisted by Miss Afton Bilby.

Every effort is exerted to make the three years in this department a well rounded happy school experience. There is an active student council with a functioning organization in each of the three classes Every Friday morning the Junior High's assembly preempts the college auditorium with clever little one act plays put on by each home room. Also the department boasts its basket ball teams coached by college students. Their schedule included all the smaller nearby high schools and the season wound up with a tournament between the different home rooms. April First was "Hobo Day" with an incidental Clean-Up program. Later a Field Day and Exhibit with tea for the parents are included in the year's program.

Altogether the entire college student body feel a certain thrill of pride in their practice schools, perhaps most keenly felt by those, who, as student teachers, have been most instrumental in aiding their various activities to function.

Activities

PI KAPPA DELTA

Pi Kappa Delta was organized in 1913 and is one of the three national honorary forensic fraternities of the country, and now has a membership of nearly ten thousand, with nearly seven thousand wearing keys.

Our chapter has been quite active this year, holding their regular meeting on the second Wednesday evening of each month.

Old Northwestern was represented at the Pi Kappa Delta Convention at Wichita, March 30 to April 4, by both a boy's and a girl's team. The girl's team went to the semi-finals when they were defeated by Winfield girls who won the tournament. When the girls were eliminated there were only three teams left. The girl's team was made up of Misses La Verne Geeslin and Hester Irion. The boys were defeated in the first round by a 3-2 decision. Harden Ray and John France made up the boy's team. Much of the success in the field of debate goes to the Coach, Mr. Rush. John France was the official delegate to the convention.

The 1931 Oklahoma Province Convention will be held at Northwestern.

The officers of Pi Kappa Delta for this year are:

Prof. E. B. L. Hardy.....President
Edna Donley.....Sec.-Treas.

OTHER ACTIVE MEMBERS ARE:

Theta Donley	La Verne Geeslin	Henry Hort
Sue Edwards	Belva Marsh	Dr. Crissman
Mary Ellen Pearson	John France	Harden Ray
Hester Irion	Brandon Frost	Mr. Percefull
Mr. Wood	Dr. Parker	Mr. Griffith

BETA CHAPTER

ΦΒΣ

Northwestern State Teachers College
ALVA, OKLA.

Phi Beta Sigma national, honorary, scholastic fraternity for colleges of education, was established at Northwestern March 18, 1925. The members of the petitioning group were Dr. J. V. L. Morris, Prof. T. C. Carter, Prof. E. B. L. Hardy, Amata Camp, Roy Daniels, and Everett L. Cosart who became the charter members of Beta Chapter.

Members are chosen by the entire Faculty from the degree class of the college, fifteen per cent being elected from the twenty-five per cent ranking highest in scholarship.

Pi Kappa Sigma has the distinction of being the oldest national sorority on the campus at Northwestern.

The aims of Pi Kappa Sigma through the many years of its existence have been mutual helpfulness and the betterment of young womanhood. Each year the desire for high ideals, scholarship and service has grown stronger. The alumnæ of Pi Kappa Sigma, who are holding responsible positions over the state, show that the ideals of the sorority are strong enough to remain with the girls after graduation. Pi Kappa Sigma's magazine, "The Laurel," published three times a year and recognized as one of the best of the sorority magazines, is a splendid medium by which all the chapters keep in touch with one another and are inspired to greater things.

Sigma Sigma Sigma was originally a Liberal Arts College sorority and existed as such for a number of years. Realizing the need for a national educational sorority for girls, the change was made. The original group was founded April 20, 1898, at Farmville, Virginia, and became an educational group in 1911. With its sister group, Alpha Sigma Alpha, it organized the Association of Educational Sororities.

Sigma Sigma Sigma is now a strictly professional group whose purpose is to inspire its members with the conviction that it is a privilege as well as a responsibility to be a teacher.

The Xi chapter was installed at Northwestern, December 1, 1915. It has stood for the same ideals as the other twenty-five chapters in various Teachers' Colleges in the United States stand for. Its many chapters bear witness that the sorority is a success in its field.

Besides supplying the social side of the student life, the sorority emphasizes social service, college activities and scholarships. Of the one hundred ninety girls initiated into Xi chapter since its installation in 1915, more than one hundred forty have received Life Certificates and the A. B. degree from Northwestern.

Alpha Sigma Alpha was founded November 15, 1901 in the State Normal School at Farmville, Virginia, reorganized in 1914 when it became an educational sorority which restricts its charter grants to four year teachers' colleges. It has the distinction of being one of two sororities which organized the Association of Educational Sororities.

Gamma Gamma Chapter was installed in Northwestern on February 23, 1916. More of its members can boast of a degree from Northwestern than can any other group in the school.

Purpose: To co-operate heartily in every movement to bring the teaching profession forward and to secure for the teacher the recognition that the world should give.

Delta Chapter, formerly the Shakespeare Club at Northwestern, became a part of Delta Sigma Epsilon sorority April 4, 1916. Because Delta Sigma Epsilon has organized chapters only in schools of high rank, it has no inactive chapters and the largest number of active chapters of Educational Sororities. They are located in various colleges throughout the United States, from New York to California. Alumnæ Clubs are the result of girls keeping the sorority spirit after leaving school. Delta Sigma Epsilon has fifteen such clubs. Through work and social affairs, the sorority invites the interests of the undergraduates who realize the helpfulness of friendship. It also desires to uphold scholarship, to develop each girl as a co-operator and leader, and to cultivate the highest standards of womanhood.

Y. W. C. A.

Although the Young Women's Christian Association of Northwestern has only been reorganized for two years, it has begun to feel its new strength and possibilities. The membership has more than doubled this year and the activities have been varied and included interests of greater scope.

During the Fall term the Art Exhibit of the prints of many of the world's masterpieces was as instructive as it was pleasurable. Through the co-operation of the townspeople three masterpieces were purchased for different departments in the college. The Y. W. C. A. with the help of the sororities sponsored a College Mixer which proved to be a jolly occasion. The redecoration and furnishing of the new Y. W. C. A. room has made the organization feel it now has a cozy home for its members. The pretty bright cretonnes have made it a cheery and friendly place of meeting.

Under the all leadership of Belva Marsh, its president, it has been able to organize its Merrymaker orchestra and has played in public several times. Especially delightful was its music played in connection with the Little Teacher Plays. There are seventeen members in the orchestra.

The meetings have been most stimulating and interesting for the topics for discussion were of vital importance to college girls. The "Charm School" for developing personality offered positive and helpful suggestions. The discussions on "Women of Today" and of successful women of Alva gave a vision of the possibilities for girls in the professional and business world of today.

If any measure of success has been achieved this year it is due to the loyal co-operation of many of its individual members, the leadership of the cabinet, the inspiration of Miss Fisher and the faith and financial backing of the Y. W. council members. The Y. W. is closing the year with a happy feeling, looking forward to another year of new responsibilities and greater service.

The Parliamentary Debate Club was organized in the year 1900, and since that time has been winning high honors in debate circles for the Club and Northwestern. It, with a like Club in Edmond and one in Weatherford, originated the Oklahoma Tri-Angular Debate, an annual contest that continues today.

This Club has been successful in debates against some of the best teams in Kansas, Missouri, and Texas, as well as in contests with schools of Oklahoma.

In the rush of school work and debate, the Club does not forget the social side of life. Their various functions during the year are among the most enjoyable affairs of the college.

The Alumni of this school and of the Club look back with pride upon the many honorable achievements of the P. D. C. The men who have constituted the membership of this organization have been men of energy and purpose. It has on the roll of its members many names that are well known in the state and who are eminent in the various professions.

HISTORY OF N. S. N. DEBATING CLUB

In 1907 the N. S. N. Debating Club was organized by a group of young men who felt the need of practice in public speaking and debating and training in parliamentary law. Since that time it has been active continuously, and has contributed to the forensic activities of the College by furnishing members for the debating teams. During its history teams composed of N. S. N. club members have held championships of our own and neighboring states.

In the fall term of each year N. S. N. Debating Club conducts an oratorical contest for Freshman boys, and has by this means stimulated forensic work at Northwestern.

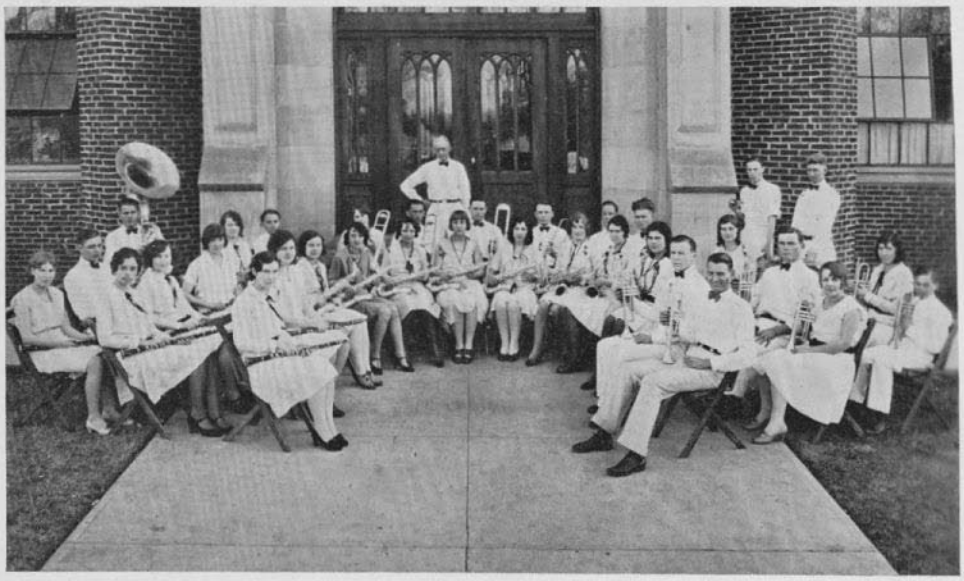
THE CONCERT BAND

Included in the Concert Band are many of the same students whose names appear on the College Orchestra roll. Most of these players major in music. They have studied in the college classes in Instrumentation and have become reasonably proficient on several different instruments which they are preparing to teach.

Each fall, at the invitation of neighboring towns, the band furnished music for feature days. Of course the band is on the field or in the gym for all games and plays at pep meetings and at assembly. The program for the annual concert of this organization is made up of the best type of compositions written expressly for band.

PERSONNEL OF THE BAND

Clarinets, Mary Joachim, Wanda Smith, Bertha Wagner, Velma Campbell, Verda Diel, Harvey Higginbotham, Wiletha Lott; Alto Saxophones, Clara Hill, Hazel Whittet, Vernice Harmon, Selma Harzman, Leah Phinney; C Melody Saxophones, Carol Steward, Laurence Floyd, Cleota Morrison, Doris White, Florence Raney; Mellophones, Elizabeth Van Benthuysen, Robert Burket; Trumpets, Max Hall, Myron Wright, Marion Fisk, Dorothy Isbell, Beulah Hamilton, Wm. Collins; Trombones, Murell Fisk, Margurite Isbell, John Van De Wege, Tuell Moore; Baritone, John Jackson; Tuba, Earl Van Buskirk; Snare Drum, Morley Gale; Bass Drum, E. B. L. Hardy. Albert Gale, Conductor.



THE COLLEGE ORCHESTRA

This organization is made up of only the most proficient players and meets for rehearsal five time each week. The size and personnel of musical organizations of this character unavoidably varies from term to term on account of schedule adjustments for required academic work. The summer term orchestra is the largest of the entire year. Their concert is given the last of July. In the annual feature concert given February fourth, 1930, by the College Orchestra, fifty-five players participated. Thirty-seven of these are shown in the picture. At a corresponding season last year forty-two constituted the personnel. Later thirty-nine of these were taken en tour for concerts in surrounding towns.

The orchestra appears frequently at assembly and as an added attraction for special occasions. A special "bit of orchestra" of about twelve picked players usually plays for the dramatic productions, but for the recent play "She Stoops to Conquer" the full orchestral ensemble was used for prelude. A survey of recent programs indicates the high standard of orchestral repertoire maintained. Parts of symphonies have been given and compositions from Bach, Haydn, Handel. Mendelssohn, Schubert, Grieg, Edward German, Tchaikovsky, also Henry Hadley and other contemporary writers are given frequent hearing.

PERSONNEL OF THE ORCHESTRA

Flute, Lois Noah; Clarinets, Mary Joachim, Wanda Smith; Saxophones, Clara Hill, Hazel Whittet, Selma Harzman, Carol Steward, Laurence Floyd, Lou Ella Van Deburgh; Horn, Elizabeth Van Benthuysen; Trumpets, Max Hall, Myron Wright; Trombones, Murrell Fisk, Earl Van Buskirk, Marguerite Isbell, Donald Conley; First Violins, Belva Marsh, Wiletha Lott, Velma Campbell, E. B. L. Hardy, Ammon Christensen; Second Violins, Verda Diel, Blanche Harris, Doris White, Warren Blue, Mary Ann Polk, Thelma Hopkins, Vera Berry, Ethel Ingels; Viola, Harold McAlpin; Violoncellos, Leah Phinney, Florence Raney; Basses, Marion Fisk, John Van De Wege; Organ, Fern Wiebner; Piano, Pauline Shamburg; Timpani, Morley Gale. Albert Gale, Conductor.

GIRL'S GLEE CLUB

Under the direction of Miss Opal Kennedy the Girls Glee Club has been doing excellent work. It is composed of students of the voice department and others showing outstanding ability. The glee club has made many successful appearances and that success can be attributed to the splendid co-operation of all of its members.

MIXED GLEE CLUB

A feature of the Music Department of Northwestern has been the work of the Mixed Glee Club, of twenty-eight members, under the direction of Prof. E. B. L. Hardy. Last year the group, with Miss Kennedy as soloist, toured the Northwestern District, appearing in eight towns. The season closed gloriously with a presentation of the cantata "The Rose Maiden."

This spring the plans call for a tour during March, and on May 9 the glee club will assist in the production of "The Great American Passion Play."

Creed:

For the common things of every day,
God gave us speech in a common way;
For the deeper things men think and feel,
He gave the poets words to reveal;
But for the higher, broader things words cannot reach
He gave us music, the soul's own speech.

Northwestern Little Theatre completed its final organization during the fall term of 1929. The charter members from the preceding year had charge of the organization of those interested in dramatic work. The Little Theatre has for its purpose the encouragement of worthwhile dramatic performances and the training of those who wish to coach plays in the school in which they teach.

The Little Theatre has fifty-one active members and eighty-seven patron members. This large roster of names indicates the splendid support given by students, faculty members, and townspeople to the Little Theatre.

A public performance is given each month during the dramatic season. The first play presented for the 1930 season was "Why the Chimes Rang", a Christmas play presented to the public without admission charges. The play was directed by a member of the Little Theatre. The second play was "Peg O' My Heart" given by a strong cast. The third play "In the Long Ago", a colonial sketch, was written and directed by the sponsor of the Little Theatre. The next performance was a one act play, "Taking a Chance", written by the sponsor and coached by a member of the Little Theatre. This play was given by invitation before a County School Board Meeting. The April performance was an evening of three one act plays coached by members of the Little Theatre. The last public performance of the season in May was a costume play. A special performance was also given for the patron members and friends of the Little Theatre.

CONICS

Inspired by a common desire to further the study of higher mathematics in Northwestern, the Conics Mathematics club was organized during the past year. This organization, professional in its workings, is composed exclusively of those whose tastes and chosen life work lead them to enroll in courses outside the curriculum of the average student. Membership is limited to those whose understanding is great enough to comprehend discussions encompassing higher mathematics. The name "Conics" is full of connotation, for even a student of analytical geometry. The officers are, in the order of their respective powers and duties: "Hyperbolic Parabloid," "Centroid of Cardoid," "Hypocycloid of Four Cusps," and "Cissoid of Nicomedes."

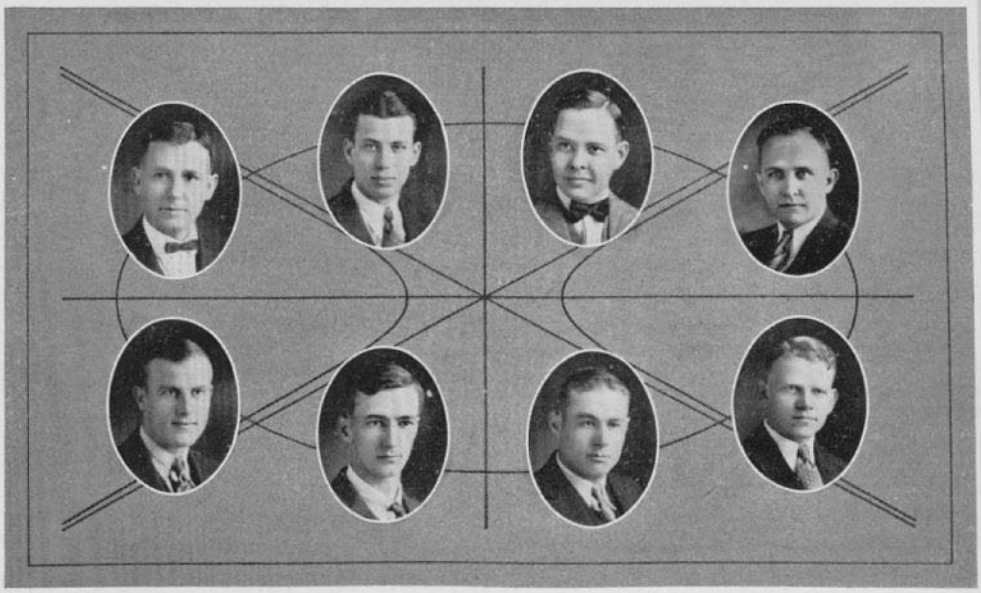
JOACHIM	RUSH	BAKER	COLE



DEBATE

The debate season at Northwestern opened with an entirely new squad with the exception of John France. A tournament of debate teams from Kansas, Oklahoma, Nebraska and Missouri was sponsored by Southwestern at Winfield December 6 and 7. Northwestern sent three teams. The men's teams were composed of John France and Cornelius Bowles, Nolan Pearson and Edward Fiegel. The women's team, Hester Irion and La Verne Geeslin went to the semi-finals of the tournament.

On January 29 a mixed debate for practice was held with Phillips University, with La Verne Geeslin and Clifford Potter debating. The same day John France and Harden Ray were defeated by the men's team from Phillips University.

Two women's teams met Phillips University February 7 in two non-decision debates. The Northwestern debaters were Hester Irion, Alberta Skelton, La Verne Geeslin and Belva Marsh.

From February 9 to 13 John France and Hardin Ray made a state tour having practice debates with Oklahoma Baptist College, East Central State Teachers', and Central State Teachers' Colleges.

The next scheduled debate was with Oklahoma Women's College at Chickasha. Belva Marsh and La Verne Geeslin represented Northwestern in this debate and lost. On March 14 Southwestern from Weatherford came to Northwestern and were defeated by the same team—La Verne Geeslin and Belva Marsh.

Extensive preparation was then begun for the national Pi Kappa Delta tournament in Wichita March 31 to April 4. To this tournament Northwestern sent a men's team, Harden Ray and John France, and a women's team, La Verne Geeslin and Hester Irion. The men's team went out on their fifth round of debates. The women's team was not eliminated until the seventh round.

Mr. O. W. Rush has been the debate coach during the entire season, which has been a very successful one.

The Spanish Club was first organized at Northwestern in the Fall of 1928. Its purpose is to provide opportunity for informal conversation in Spanish, in addition to that of the class-room. The meetings, which are held every two weeks, are conducted entirely in Spanish. Typical Spanish games and songs have been learned by the members.

Special activities of the Spanish Club during the current year, were the broadcasting of an all-Spanish radio program over Station KGFF, Alva, and a chapel program presented in native costume.

Persons whose native language is Spanish have been present at the meetings and have added much to the interest of the club.

The "NORTHWESTERN", the college paper, won third place this year in the national contest sponsored by the Columbia Scholastic Press association of Columbia University, New York City. The contest is open to newspapers published by Teachers' colleges and Normal schools.

The "Northwestern" is a weekly paper with a circulation of twenty-five hundred. The advanced Journalism class forms the staff, with the beginning Journalism class as reporters.

Miss Icie F. Johnson, Professor of English and Journalism, is the instructor.

Athletics

WISTAR D. NEWBY
Football and Track Coach

Coach Newby came to Northwestern from Cherokee High School where he had attracted attention as a successful coach. He is known as a morale builder and undoubtedly his selection as a coach for the Rangers has been justified.

Mr. Newby is a graduate of Friends University. During his time in college he was an active participant and a worthy representative of his school. Since entering into the coaching game he has taken work at various coaching schools under Yost of Michigan, Roper of Princeton, Spears of Wisconsin, Jones of Southern California, Rockne of Notre Dame and Warner of Leland Stanford.

L. A. WARD
Director of Athletics

In the Oklahoma Collegiate Conference, the Chairman of the Athletic Committee acts as Faculty Representative. He holds his office by virtue of appointment made by the President of the college.

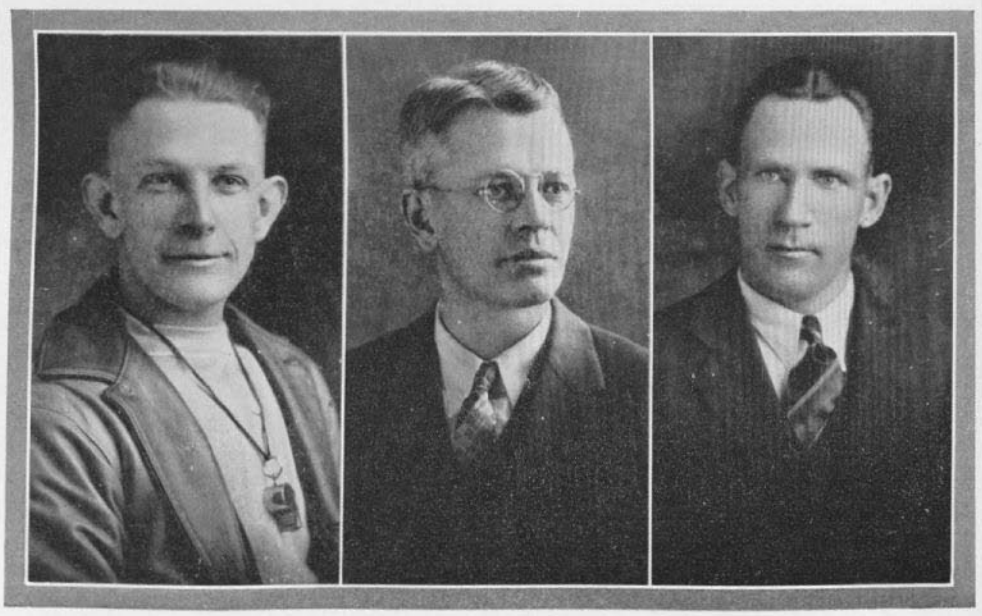
Our present chairman has acted in this capacity for two years. It might be proper to say that he has an 'Athletic Mind' because in his high school days he took part in all High School sports. Later at Central State Teachers' College he made their Varsity in Football. After leaving college he coached High School teams for several years.

The duties of the chairman of the athletic committee are somewhat varied, not the least of which is checking the scholastic standing of all athletics. He is for good sportsmanship all the time and willing to help at anything that will prove of lasting benefit for the Rangers and Northwestern.

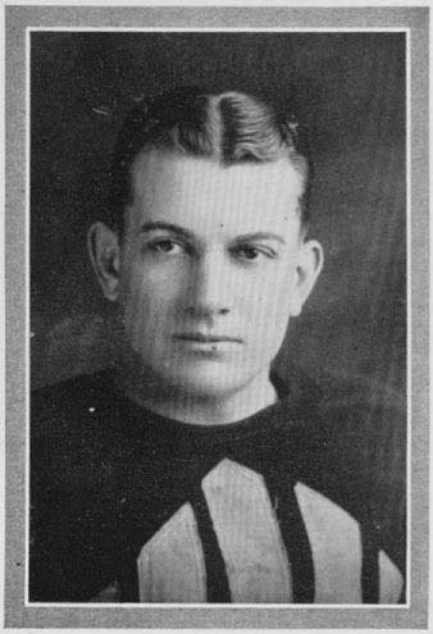
JOHN W. McCORMICK
Basketball and Tennis Coach

Coach McCormick is a product of Northwestern, being a star fullback on the Ranger team during his active playing days. He was a member of the team that brought the State Championship to the Rangers in 1920.

Mr. McCormick has turned out good teams in both basketball and tennis. Northwestern is proud of the records that have been established by his teams. The Rangers under his direction have always commanded the respect of all opponents in the conference and out. He has taken work in the coaching schools at the University of Illinois and the University of Chicago.



FOOTBALL



CAPTAIN ELDON CAWOOD

The leader of the 1930 Ranger football team was Eldon Cawood, a right tackle coming from Nash High School, with a record of four years of splendid service on the gridiron for Northwestern. As a reward for his ability, Cawood made the 1929 All-State Team.

Cawood was a fine leader and always inspired his team to live up to their motto: "A team that won't be beaten, can't be beaten." In addition to his wonderful leadership, another feature of his record was the excellent quality of his scholarship.

Since a knowledge of the game, and a love for it are the qualifications of a good coach, we are expecting great things of Cawood.

In looking backward over the football season of 1929 it is with much regret that we classify much that happened as history; on that team there were men who finished their Athletic Career and did themselves proud in their efforts to place Northwestern on the football map.

It did us all good to see a clean fighting team of Rangers gradually throw off an inferiority complex and develop as one of the best offensive teams in Oklahoma.

One of the most remarkable characteristics of the squad was that a big majority of the regulars were sophomores or juniors which means that 1930 aggregation will also have some power and ability that will be heard from this coming fall.

Rarely do we see as many men chosen on an All-State Team as were chosen from our squad and not win the Championship. This fact clearly shows that in the estimation of rival coaches the Rangers were not hesitant in showing their class and superiority.

Our team has a good foundation on which to stand and with the new improved field accommodations which are coming for next year we hope that the season of 1930 is as colorful as the one just past.

Bill Baker—a charging tackle and a veteran of three years, battles under black and red colors.

Bill came to N. S. T. C. from Shattuck and is a big gun in the Ranger forward wall. Not to be disheartened by set backs which came in the early part of the season, he, with the Rangers, made complete restitution for all losses by defeating North Eastern on its own field.

"Bake" has natural ability, speed to burn, and above all a wonderful spirit which makes him stand out as one of the greatest line men on the team.

"Bake's" great play against the "Red men" helped greatly to put the Rangers in the win column this year.

Bill is expected to lead the Rangers to a winning conference as Captain next year.

Starting the football season in 1930, Northwestern will have the prospects for a championship team. Of the twenty-three letter men, twenty of them will be eligible for next year's squad. Three All-State men, and many promising veterans will be the nucleus of the team.

In addition to this the Ranger squad will play on a new sod field, surrounded by a stadium and floodlights to bring night football to Northwestern.

Northwestern can rightfully expect their football team to carry on the old school fight and to further develop their march to the State Championship. Composed of a group of veterans and under the direction of the Ranger Coach, the team need not have the slightest scare of defeat next fall. It is doubtful if the Rangers will meet a team next fall, containing as many experienced players as they have.

Because of the improvement in our athletics and athletic field Northwestern can expect her share of students next year. This and the present backing of our student body will make our motto "A team that won't be beaten, can't be beaten," prove more successful than it has ever before.

The desire for another Northwestern Championship team has been here for several years. This desire should be satisfied next fall, because of the many superior athletes under the direction of very capable and clean coaching.

Our next year's boys, composed of the old fighting spirit, will not disappoint the followers of Northwestern sports.

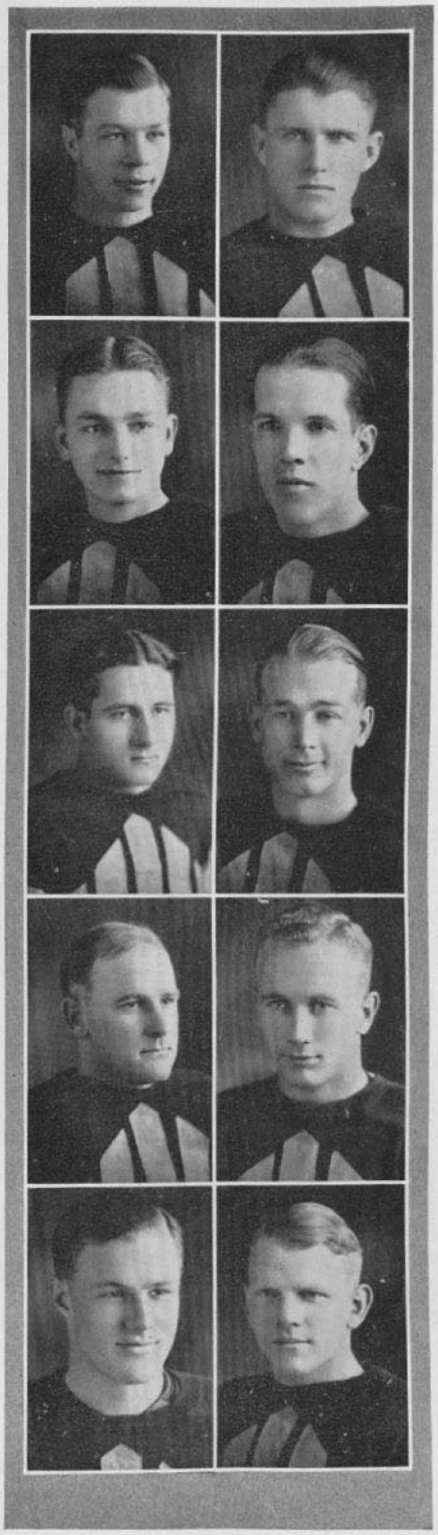
FRANCIS DEMUTH: *Kiowa H. S.*
Center. All-State Center.
"Pudge" certainly deserves this honor as his play this year was unequalled by any of his rivals. A sure, accurate passer and a power on the defense, dominated by a football heart and a fighting spirit makes this big boy stand out alone.

WILBUR FINDLY: *Nash H. S.*
Guard. After playing in the backfield for two years "the Fox" was shifted into the line where he gave valuable service during this; his last year. His ever present pep and fighting spirit was truly an inspiration.

GULLY WALTERS: *Wellington, Kans. H. S.*
H. B. Gully has seen a lot of service in the Ranger backfield, he is a good interferer, willing to really "put out" for his team mates whatever his assignment. He played either half or fullback.

GEO. EWBANKS: *Fairview H. S.*
F. B. George's faithful toe has kept us out of the hole many times. His interference and line plunging ability make him a real backfield man. He has a wonderful spirit and never frowns at his job. He was by far the best kicker on the outfit.

GLENN COCHRANE: *Lamont H. S.*
L. E. All-State man, "Squint's" unparalleled fighting spirit makes him a great all-around defensive player. His ability to block and catch passes round out his qualifications which make him an outstanding lineman in Oklahoma. "They Don't get too tough for Squint."



ALLAN MURRY: *Cherokee H. S.*
Tackle. Tom is a real lineman and will reach the peak of his career next year. He is a great fighter and loves to "carry the fight" to the other fellow. You can count on this boy delivering the goods.

DAVID PARKER: *Buffalo H. S.*
R. or L. End. "Dave" hails from Buffalo and is another man who has worn the Ranger Colors for the last time. He was good at either end and had plenty of what it takes to play this game.

DENNY DENNIS: *Waynoka H. S.*
H. B. Denny's two years in the Ranger backfield has been of wonderful service. His interference has paved the way for many a run and his broken field performance was noted by All-state critics. Denny proved to be a real defensive full-back.

PAT MCGEE: *Cherokee H. S.*
Q. B. Pat proved to be a great field general, a natural leader, and fearless in the broken field as a runner. He was on the throwing end of many successful passes and was the fourth member of our team to land on the All-state.

VIRGIL COLE: *Sharon, Kans. H. S.*
Guard. Here is the iron man that was faithful in making every football practice during his career. Keenest competition in the guard department kept "Whitie" out of lots of games but never a growl or whine was heard from this sturdy Ranger.

RALPH TATE: *Cherokee H. S.*

Q. B. "Kit" was one of the "Spark Plugs" of the outfit. He saw a lot of service during his three years of playing, a good punter, having a clear head, and being good in the broken field are his main characteristics.

JAMES PIGG: *Skiatook H. S.*

End. Here is a boy who has been in both line and backfield during his career here. He has been a valuable utility man. He is big and husky and can take care of himself and his territory in first class style.

IRA YOUNT: *Mooreland H. S.*

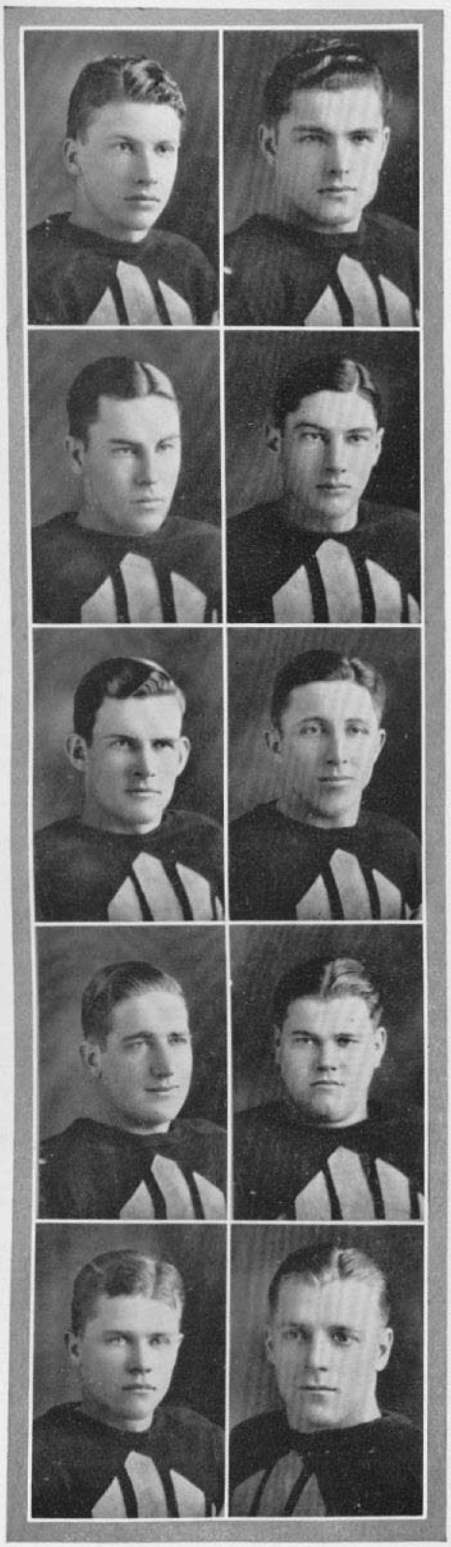
Guard and Tackle. Here is a man with a fighting spirit backed up with a strong physicque who was in the middle of every play whether it was in scrimmage or in the game. Ira was a willing worker and showed much improvement as the season progressed.

LOYAL BURCHFIELD: *Nash H. S.*

End and Center. Here is the "south paw" who pulled the Coach's pet "slicker" play to perfection. "Burch" has a wonderful future as is shown by his ability to play anywhere. His "pep" and his love for the game help his ability to make him stand out.

HOWARD GAUTIER: *Lamont H. S.*

H. B. "Gokie" was the "find" on the freshmen squad. His ability at snagging passes toward the opponents goal in a broken field was remarkable. He was a dependable safety man and will be of great value to the team next year.



HOWARD SMITH: *Waynoka H. S.*

End. "Smitty" was shifted from the backfeld to an end position and made good use of his ability. He played a great game against the Aggies last fall. His past experience and his determined spirit will help make his a much greater performer.

VIRGIL THOMPSON: *Gage H. S.*

H. B. Tommie is a speed merchant whose work in the backfield was worth watching. Tommy had a "change of direction" that made his broken field running nothing short of sensational. He is a great favorite and a real asset to the team.

PAUL SPOON: *Cherokee H. S.*

H. B. Another premier speed king, who threw constant fear into the defense. 'Pucky's" football improved this last year and he was mentioned in the All-state selections. He and Denny certainly made believers out of Southwestern this year. Speed; Well, I should say so.

GLENN EARLY: *Winona H. S.*

Guard. Glenn saw more service than any freshman and was a real power in the line. His 225 lbs. came in handy many times and he has a real future. He is exceptionally fast and gets a real kick out of tough competition.

HERBERT QUICKEL: *Mooreland H. S.*

F. B. "Herb" enrolled late but gave good account of himself when opportunity knocked. He has lots of natural ability and is big and fast. With a little more seasoning he will develop into one of the squad's strongest members.

RANGER FOOTBALL SEASON OF 1929

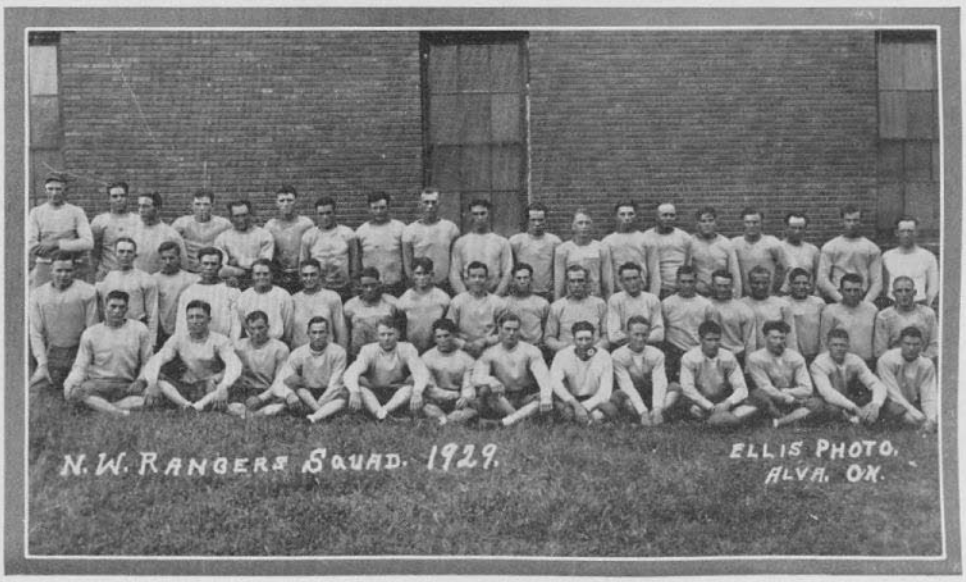
The past season was one of the best enjoyed by the Rangers for several years. In spite of a bad start, the team as a whole displayed the brand of football usually enjoyed by the average spectator, well balanced offense and a rugged, sturdy defense that improved with each game.

The Season's play was opened at Stillwater where night football was introduced into Oklahoma in a game watched by over eight thousand people. Only Varsity men were eligible for this game but even in spite of this the boys put up a real fight and gave the Aggies a much closer game than the 12-0 score would show. Cawood, Cochrane, McGee and Spoon were out-standing stars for the Ranger.

The biggest jolt of the season came the following week when the boys bowed to East Central by a lone touchdown in a game marked by rough playing, and a general listless type of play that was possibly caused by the moral victory of the previous week.

The third game found the Redmen biting the dust from the hand of an "irate" crew of Rangers who really did "put out" their best that they might get into the win column. The defensive play of Bill Baker was the outstanding performance of the day, however, Captain Cawood and Demuth also played "bangup" ball.

The lone counter came as a result of a pass from McGee to Spoon across the Redman's goal. After this victory the team took a new lease on life and the following week found them taking the Friends University "Quaker Boys" into camp by a lone touch-down. This game was also played under the flood lights and was held in Wellington, Kansas, on a heavy soggy field where the Ranger speed merchants were under



somewhat of a handicap. This contest had the most thrilling close of any of the year; McGee completing a nice pass to Cochrane for the touchdown in the last thirty seconds.

The next week Sterling College came to Alva "cocky" and sure of a victory but there was too much Ranger fight on hand for them and they were defeated by a three touchdown margin.

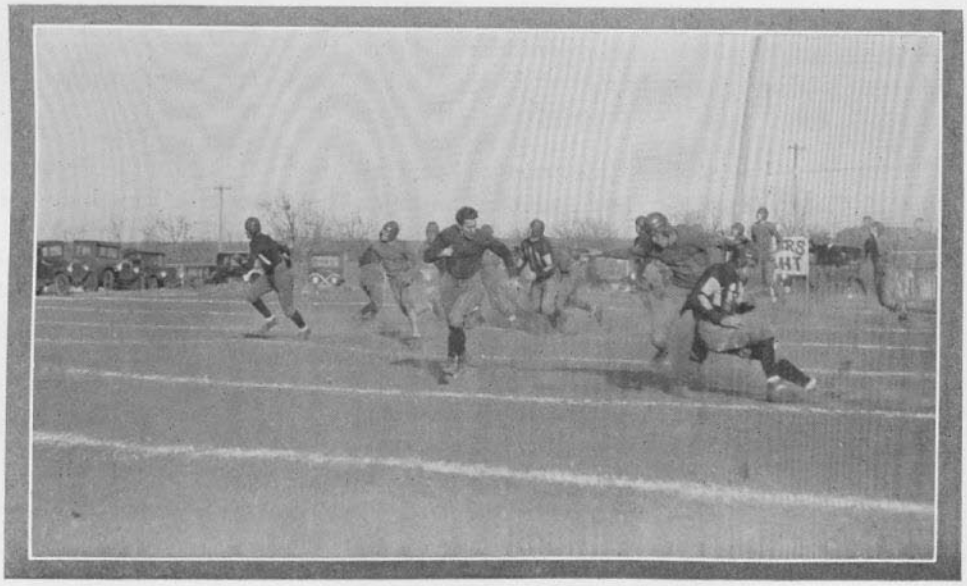
The next victim was the Panhandle Aggie team which was defeated by a score of 34-0. The entire Ranger backfield performed in great style.

The big game with Central was played in a sea of mud before a patient but disgusted crowd of home-comers, who waited and waded but of no avail, there was too much "Roach". His lone attempt at a field goal was successful and the game ended just that way in spite of the Ranger's superior offensive power that failed to get away under such adverse conditions.

The Southeastern "Savages," one of the most powerful offensive teams in the state were met and defeated on their own field in what supporters say was the best game of the year by a score of 14-7. The defensive play of Demuth, Cawood, and Cochrane stood out while Dennis and McGee were doing their bit along with others. It would have been hard to pick an individual star.

The season was brought to a thundering close by snowing under the Bulldogs from Southwestern 54-0 in a runaway game where Dennis and Spoon showed their heels a-plenty.

Four men on the squad made the Mythical All-State Eleven, Captain Cawood, Glen Cochrane, Francis Demuth and Pat McGee which is a remarkably good showing for one team to make. The prospects are good and we are now looking forward to another great year in 1930.



BASKETBALL

~Captain Manning

CAPTAIN JAMES MANNING: Avard

Center and Forward

He has lettered for three consecutive years at Northwestern and has been one of the main cogs in the fast breaking offense each year. It is doubtful if there was ever a faster man to play for Northwestern than Manning. His speed has been noticed and favorably commented upon by some of the leading critics of the game. Manning will be a senior next year and it is expected to be his best year. He made the second All State team and also the second All-Collegiate team at the Winfield tournament.

The first game of the season was with Southwestern College of Winfield, Kansas, (winners of the National Collegiate Championship last year). Southwestern won with the score 23 to 13.

The next encounter was a five game trip into Kansas. The Rangers played Wichita (Friends), Newton (Bethel), Lindsborg (Bethany), and Winfield (Southwestern). They showed their worth by winning four out of the five games. The first three were clear victories, the fourth game was tied at the end of the regular time, but in the final outcome, the Rangers won. In the last game, with Southwestern, the Rangers were defeated.

The Quakers of Wichita were sent home with two defeats by the Rangers. Bethel College was the Rangers' next victim. The game was won by a top heavy score. This was the Rangers' second win with the Kansas boys.

Bethany Swedes, with a squad of six footers, came next. Their heighth was too much for the Rangers. They evened the count for the defeat the Rangers handed them earlier in the season.

The Rangers lost their first conference game of the season to the Southwestern Bulldogs at Weatherford. The score was 24 to 23.

The next game was with Phillips "66" quintet from Bartlesville. This game made their twentieth straight win. Although the Phillips "66" team

is composed of a bunch of seasoned veterans and three All-Americans, the Rangers played them a hard game. The half ended with Northwestern holding the long end of the score. The final score was 34 to 25. This was one of the hardest games of the year for the Phillips "66" team.

In the next conference game, the Rangers played Southwestern again. In this game the Rangers were frowned upon by Lady Luck and were nosed out by only a few points.

The Northwestern Rangers won their first conference game when they played the Northeastern Redmen. The Redmen were easy foes and were swamped by the Rangers with a score of 45 to 28.

The conference Champions, East Central, were extended to their limits and won only by a five point margin, in the next game.

In one of the greatest games of the year, the Rangers downed Edmond's Central Broncos by a one point margin. The whole game seemed to the fans to be just like a movie thriller, snappy and scrappy, with lots of pep and excitement thrown in for extra measure. The boys showed that they were made of the right stuff to win.

The Rangers made a successful road trip of three games. They defeated Central's Broncos of Edmond and the Redmen of Tahlequah, but lost the other game to Phillips "66" oil company's team of Bartlesville.

This was the last road trip of the season. By defeating Edmond the Rangers pulled the Broncos from second place in the conference race to a tie for third. The victory over Central and Northeastern placed the Rangers in a tie for second in the conference standing with four wins and three losses.

In the last conference game of the season the Rangers were defeated by Mickey McBride's Collegiate Champions of East Central of Ada. This was East Central's twenty-fifth straight win. This game lost the Championship for the Rangers.

In the Southwestern Collegiate Tournament at Winfield, the Rangers were beaten in the semi-finals by Winfield.

Throughout the entire season the Rangers never lost the spirit which carried them to a tie for second place in the 1930 conference.

RALPH TATE: *Cherokee*
Forward.

Although never lettering in Basketball has come close to it for the last three seasons. Ralph plays forward, is fast and a very good shot from the corner. We feel quite certain that Tate will make a letter next year which will be his last.

ROY MARTENEY: *Lambert*
Forward.

Roy is a freshman and has lettered his first year at Northwestern, which is something to be proud of. Roy is a true Marteney, a good worker and some of the fans feel that he will be the best of all the Marteneys, in a year or two. That is saying a lot.

DONALD COPPOCK: *Cherokee*
Center

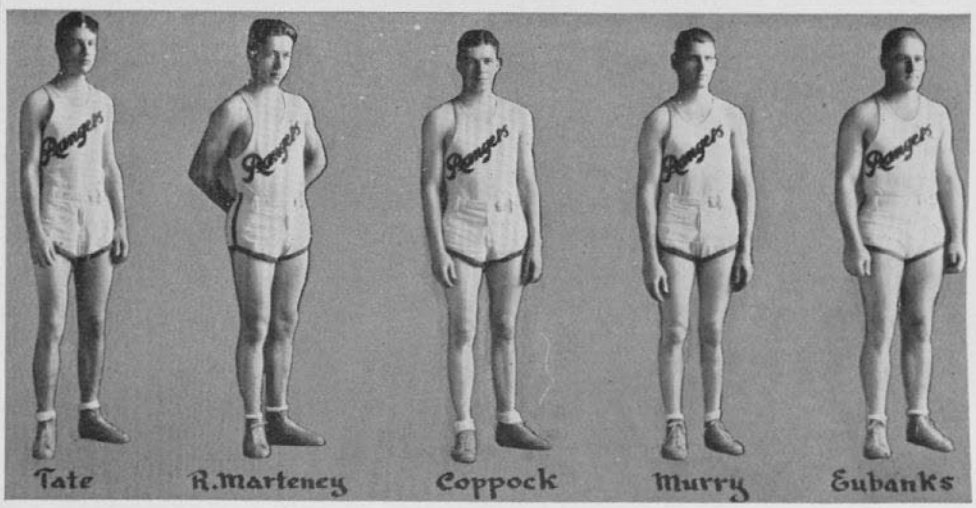
Dead Eye, as he is known, played as under study to Captain Manning, most of the time. He is a good jumper, and the best tip in shot on the squad. It was his tip in shots that won several games.

TOM MURRY: *Cherokee*
Guard

He was the bulwark of the defense, and what a whale of a defensive game he could play. He could be depended on for a goal or two in each game. He made the All State team, an honor that does not come to many.

GEORGE EUBANKS: *Fairview*
Guard

George lettered two years ago and then was cut two years—returning this year and making his second letter. He is a good honest worker and will be of real value before he graduates.



RUSSELL HADWIGER: *Ingersol*
Forward.

Enrolling at Northwestern from A. & M. College, Stillwater, rather late. Russell immediately reported for Basketball and impressed all at once with his fine floor work and passing ability. He will probably be one of the letter men next season.

HOWARD GOUTIER: *Lamont*
Guard

Howard had a reputation of being a wonderful player while in High School. He also lettered his first year at Northwestern, and has promise of becoming a great offensive guard. He is a good shot, good dribbler, and a good hard worker.

HARRY COFFMAN: *Phoenix, Arizona*
Guard

Harry was switched to guard this year. He was the best offensive guard in the conference and led all guards in scoring in conference play.

Harry is a real scrapper, and was selected as an All State guard.

ACE MOORE: *Aline*
Forward.

Ace came to Northwestern three years ago and has succeeded in making his third letter this year.

He is a scrapper from start to finish and has the knack of slipping behind the opponent's defense for many shots.

IVAN MARTENEY: *Lambert*
Forward.

"Marteney!"—when one hears the name Marteney, he expects to see a great star, and Ivan does not disappoint him.

He has been one of the Rangers' biggest scorers for two years and he has two more years to play.

34. Harry Coffman, Tom Murray, Ace Moore, Ivan Marteney—members of all state basketball team.
35. Winifred Reeves—only girl major in economics.

STATION N. S. T. C.

SEPTEMBER
Summer days have bounded by
Pleasures with our studies vie.

In the Atwater Kent Radio Contest
Northwestern singers did their best.

OCTOBER
Where, oh, where has the Freshman gone
With the haircut, now grown long?

The Y. W. Girls have done their part
By giving the school an exhibit of art.

NOVEMBER
Sis! Boom! Rah! We didn't mind the rain
But Central's win gave us a "nawful pain."

There were Crissy and Jean, and Henry-etta
Eggs and Balloons, gum and confetti.

DECEMBER
Here comes Morley on his skates
Hurry girls—here's a chance for dates.

The Spanish Club on the fourth of December
Gave a chapel program we'll ever remember.

JANUARY
In oratory and debate
Northwestern College is first rate.

The chimes rang like the town hall clock
'Twas only Bond with a batter crock.

BROADCASTING FOR—1929-30

FEBRUARY
The Y. W. mixer was lots of fun
Some day let's have another one.
"She Stoops to Conquer" was fine
The players knew every line.

MARCH
Students and profs. with fishing poles
In spring are attracted to fishing holes.

From K. U. Phog Allen came
And told us how to play the game.

Here comes Casper, in his go-cart
These frat boys haven't any heart.

The Frenchmen and Germans gave one chapel each
The ones who taught them, certainly can teach.

APRIL
Lookout for the "Hoodoo"
Or bad luck will hit you.

Senior Program, plenty of pep
One chapel when nobody slept.

MAY
The Passion Play was a work of art
May we all take the lesson to heart.

Dignified Seniors, in cap and gown
Next year, they won't be around.

CHAMBER OF COMMERCE

Chamber of Commerce

Alva, Oklahoma

"Communities do not Grow, They Are Built"

Northwestern State Teachers' College is this Community's greatest builder. * * * People are attracted to our city because of the school. * * * Some of our objectives are prestige and good will, and we find no better medium for accomplishing these objectives than through our college.

Young people who wish to attend college cannot do better than to enroll in one of the courses offered at Northwestern. She has the faculty, student body, splendidly equipped buildings, and a prestige that is placing her graduates in demand.

The Alva Chamber of Commerce is proud of Northwestern.

We extend to prospective students an invitation to attend Northwestern and we will be glad to assist them in any way possible to make their college days profitable.

Henry Hort says the only difference he can see between Tulsa and Oklahoma City is that in Oklahoma City you have to walk ten blocks to find a policeman and in Tulsa you have to run ten blocks to get away from one.

Hughes: "I never loved a girl before.

Ethel I.: Then we will have to part, no amateurs for me.

The reason Morley is so windy is because he is a Gale.

Tommie Thompson (rushing into telegraph office): I want to send Dad a telegram for some money.

Telegraph Operator: Do you want me to write it for you?

Tommie: No, I better write it, he is used to my writing.

Lois N.: "Wouldn't it be awful to have a moustache on your upper lip?"

Louise H.: "Not so bad if you knew the fellow."

It happened that a certain Freshman Football man enlisted the aid of an advisor upon enrolling. The advisor helped him select a nine hour schedule, and assured him he could do the work. The Freshman blurted out: "But gee, Prof, I wanted to play football with the boys and nine hours won't give me much time."

Art Student: I have an etching.

Freshman: Why don't you scratch?

Tom M.: Why do you call your girl Kelvinator?

Bill B.: Because she has such a Frigidaire.

Absence makes the marks grow rounder.

Percy (In Economics): There are at least three in the class who will make A's on this test.
Ralph T.: Me, and what other two guys?

Receipts are the best seats after all.

Percy: What is meant by inflation?
Wilbur F.: Inflamation of the dollar.

Cawood: How far do you get on a gallon?
Squint: All depends on what's in the gallon.

A College student can go twice as far in an old Ford as an old geezer can in a Lincoln.

Another classification given to the women is the intelligent, the beautiful and the majority.

Squint: Good looking car you got there, Pat. How's the pick-up?
Pat: Don't know.
Squint: How come?
Pat: My girl is always along.

APPRECIATION

As this book is about to go to press our thoughts turn to those who have so faithfully and devotedly assisted in building this 1930 Ranger.

This book is not a product of the Staff alone, but is indebted to many individual students, faculty members, patrons, business firms, the engravers, the printers, and the photographers for its success.

We are especially grateful to our Faculty Sponsors, Miss Jean Holland and Dr. G. R. Crissman, for their advisory counsel; to our beloved Class President, Eldon Cawood, for his unselfish service at all times when called upon; to Miss Senegrove for her advice and assistance with the art work; to Mr. Gale for his aid with mounting and lettering; and to Ralph Andree, Harriett Cowan and Gertrude Chaffee for their assistance to the Staff.

No small part of building a year book is the financial part of the plan. Our faithful and dependable Business Manager, Henry Hort, has proven himself to be a real co-worker, and in every way at all times has more than carried his share of the load.

We have tried to omit all errors, but if there are a series of typographical errors after your names, or even if we have given you some new names, do not lay too much blame on our tired, weak shoulders but accept this annual of your school life in the good spirit in which it is given.

—The Staff

"Let us, then, be up and doing,
With a heart for any fate;
Still achieving, still pursuing,
Learn to labor and to wait."

—The Editor

For when the one Great Scorer,
Comes to write against your name,
He marks not—that you won or lost,
But how you played the game.

MODERN AS YOUTH ITSELF!

Within the space of a score of years, the scope of Southwestern Engraving Company has increased from the parent plant in Fort Worth to an organization of nine plants.

Pioneering the field in the introduction of modernistic art, a personal service bureau composed of former college annual editors and managers, the budget and dummy system, and field service men, the name "Southwestern" has become synonymous with art motifs that **are** distinctive, an understanding, helpful service, and printing plates that "print right."

THE SOUTHWESTERN ENGRAVING COMPANY

FORT WORTH TULSA ATLANTA DALLAS HOUSTON SAN ANTONIO BEAUMONT AMARILLO WICHITA FALLS

Many new staffs turn each year to SWECO'S corps of artists, personalized service, and engraving technicians for fresh ideas, newer layouts, and modern methods in year book production.
